CORRECTED DETAILED ACTION

- This action is responsive to the following communication: an amendment filed on 7/10/2012.
- Claims 1-21, 23-34, 36-37, 42-53, 79-91 are allowed; claims 22, 35, 38-41, 54, 55-78 have been canceled.

Response to Arguments

- Applicant's arguments, see page 17, filed 7/10/2012, with respect to claims 7, 9, 30-34, 36, 37 have been fully considered and are persuasive. The 35 U.S.C. 101 rejection of said claims has been withdrawn.
- Applicant's arguments, see pages 18-25, filed 7/10/2012, with respect to claims 1-9, 17-21, 23, 34, 30-34, 36, 37, 43, 51-53, 79-82 have been fully considered and are persuasive. The prior arts rejection of said claims under 35 U.S.C. 103(a) has been withdrawn.

Election/Restrictions

- Claims 1-21, 23-34, 36-37, 42-53, and 79-91 are allowable. The restriction requirement as set forth in the Office action mailed on 4/11/2011, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 10-16, 25-29, 42, 44-50 are directed to non-elected species no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim. However, claims 10-16, 25-29, 42, 44-50, directed to non-elected species withdrawn from consideration because they do not all require all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

- This application is in condition for allowance except for the presence of claims 55-78 are directed to species non-elected without traverse. Accordingly, claims 55-78 been cancelled.

Allowable Subject Matter

- Claims 1-21, 23-34, 36-37, 42-53, 79-91 are allowed; renumbered as claims 1-60.
- The following is an examiner's statement of reasons for allowance: The cited prior arts of record fail to teach and/or suggest a system having a processor configured to receive first input that selects a sales packet, from a set of available sales packet, to be printed, and second input that selects an event, from a set of events relating to activity in a sales management data store, wherein the set of events includes addition of a new sales contact, a change of an existing sales contact to a first status, and a change of the existing contact to a second status; an wherein the processor is configured to generate a print order for the sales packet in response to a determination that the event has occurred" as cited in claim 1.

--Claims 7, 9, 17, 30, 43 recite the same or similar claim limitations and/or features as recited in independent claim 1 and therefore are found to be allowable for the same or similar reasons as stated and mentioned above in independent claim 1.

--Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
